R(Reader) : Odacchi-sensei, sensei, sensei, sensei, Good morning. It's asudden, but I'll start the SBS. Well ont he main issue. On page 128 of Volume 31, the children said, "Tell us the story of the country of dwarfs!!", didn't they? **Didn't they? Didn't they?** Please explain this.

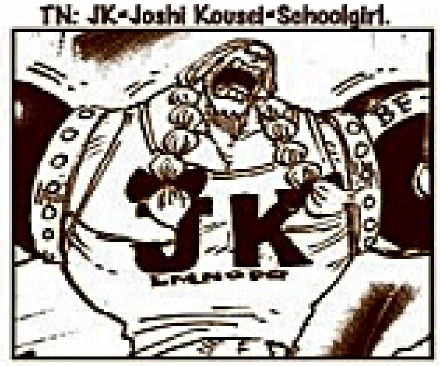

P.N. Uekenjaa

O(Oda) : Yeah... You really surge in like a raging sea. You went and started the SBS and the questions on me, and didn't even let me get a single word in!! But, you did a good job of spotting that line. The answer to your question is in Chapter 713, starting just a page to your left. Please, give it a read.

R : After the crew set sail from Punk Hazard, Franky's shirt had "JK" written on it...
But it'd be really nasty if there was a JK like thaaat!!!

P.N. Ikari Sanji

TN: JK=Joshi Kousei=Schoolgirl.

O : I don't like that idea either!! It's gross!! But the more I see them, the more the pigtails have kind of started look good on him, and that's gross toooo!!

R : Hello, Odacchi. Is this the ancient weapon, Pluton?

P.N. Dobin

O : **Those are croutons, right!!?**

The things in that soup aren't an ancient weapon named after a god....

THEY'RE CROUTONS, RIGHT Σ(･□･)!!?

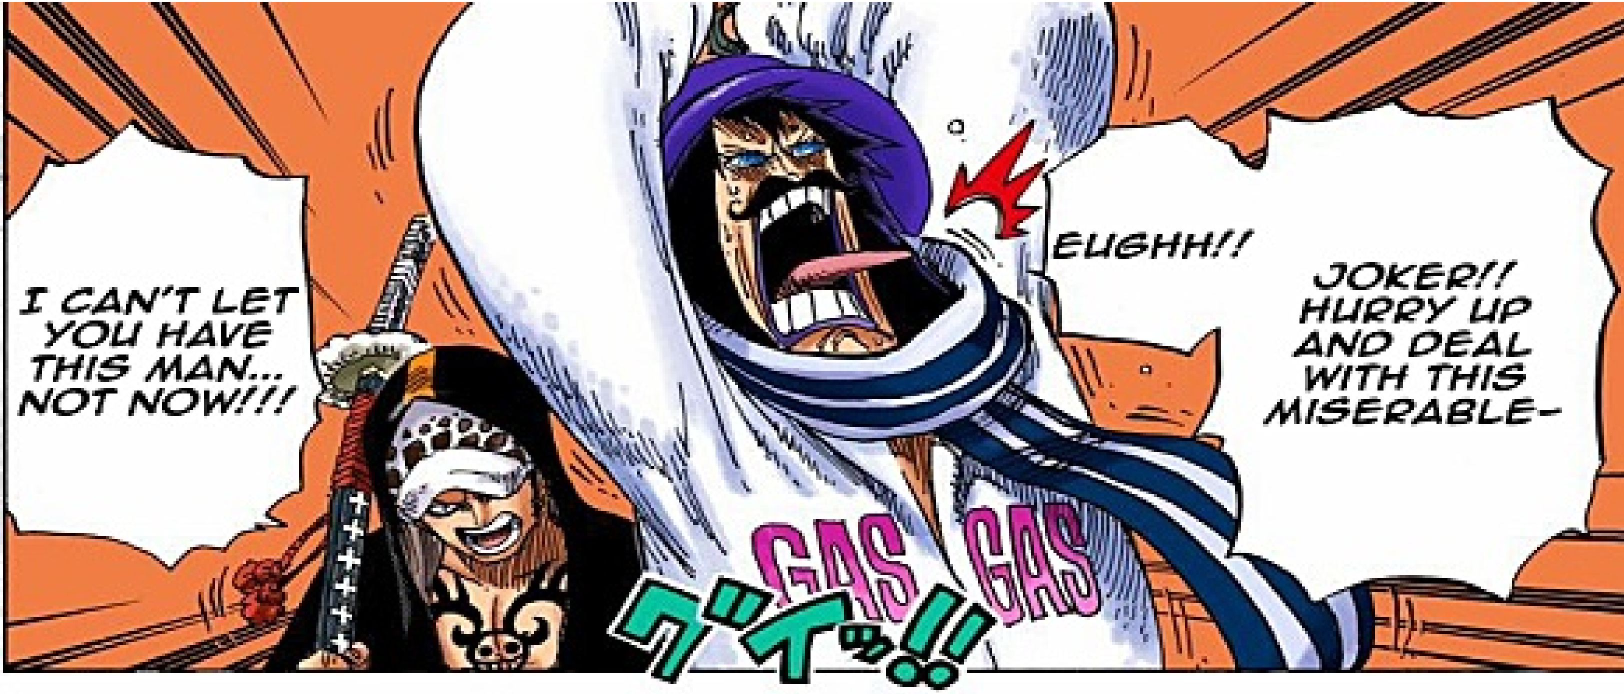

They're just fried bread, aren't they!?

HMPH!! WHAT A TEPID OLD FOOL...!!

I HAVE RELIABLE SOURCES INFORMING ME THAT YOU ARE NOT ENTIRELY FOLLOWING...

AS A RELATIVE NEWCOME TO THE MARINE RANKS, I MUST ADMIT... I FIND IT DIFFICULT TO UNDERSTAND YOUR ACTIONS.
THOUGH DEFINITIVE PROOF HAS YET TO EMERGE...

FUFFUFFU!! IF YOU WANT TO INVESTIGATE MY BUSINESS, I'D ADVISE YOU...

TELL ME, IS THAT SOME KIND OF... NICKNAME?
...WITH REGARD TO THE REPORTS OF YOUR ASSOCIATION WITH THE STRAW HAT PIRATES...
IF, AS THE ARTICLE CLAIMS, YOU HAVE FORMED AN "ALLIANCE", THIS IS A BREACH OF CONTRACT!!
HOWEVER, IF THE STRAW HATS HAVE BECOME YOUR SUBORDINATES... THIS WOULD NOT BE A TRANS-GRESSION!!
!!
...TO DEAL WITH OUR FRIEND LAW HERE?

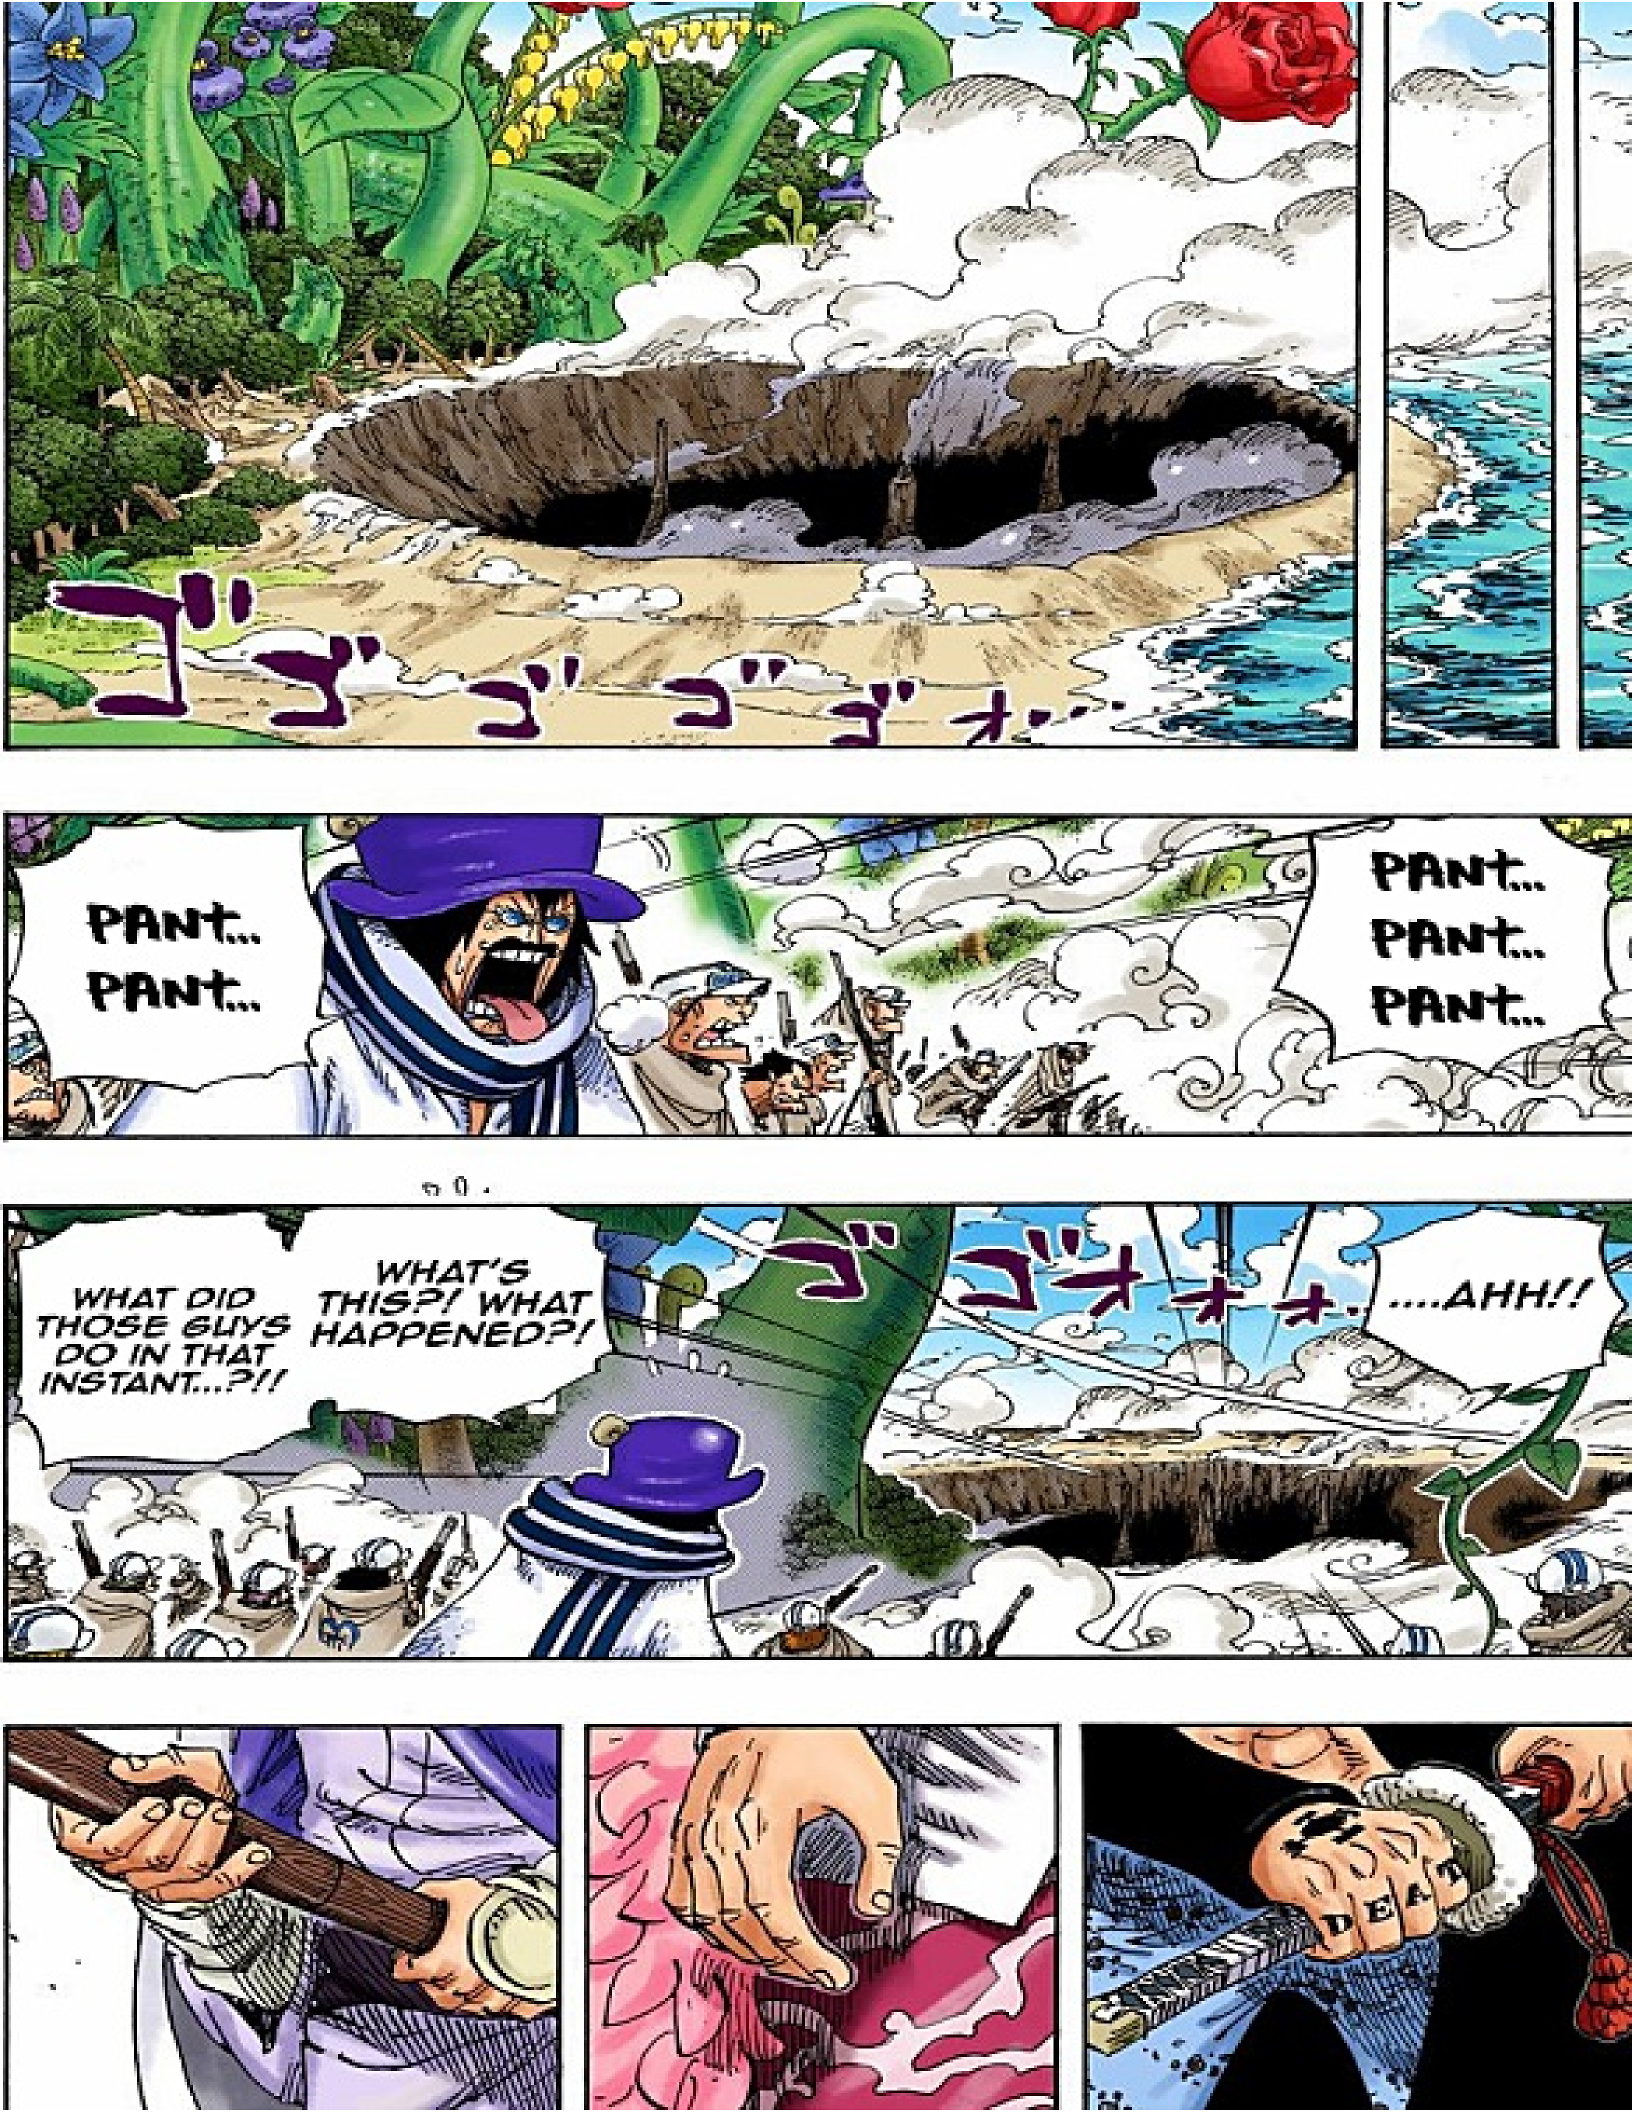

SO TELL ME, LAW-SAN... WHICH IS IT?
DEPENDING ON YOUR ANSWER, MY MISSION HERE MAY BECOME THE APPREHENSION OF BOTH YOURSELF AND YOUR STRAW HAT ALLIES.
HOLD ON! WHAT THE HELL KIND OF CONDITION IS THAT?!
THERE'S NO WAY TO DETERMINE THE TRUTH; HE CAN JUST LIE!!
THIS ISN'T GOING THE WAY I INTENDED AT ALL... I'VE WOUND UP ON COMPLETELY THE WRONG SIDE OF THIS CONFRONTATION.

P.N. Edward Yacchi

R : Oda-Sensei! Hello!! What prefectures would the Straw Hat Crew be from? For example, Nami is from Ehime or where ever. That kind of thing, please!

from T. Rina

Okinawa

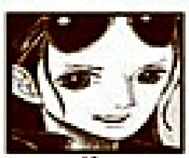

Zoro

—That seems about right. Some of them were probably influenced by their voice-actors' hometowns (lol).

R : Odacchi, Odacchi!!! I can't help but see rabbits in the waves on page 154 of Volume 70!! How could you do this to me!!!?

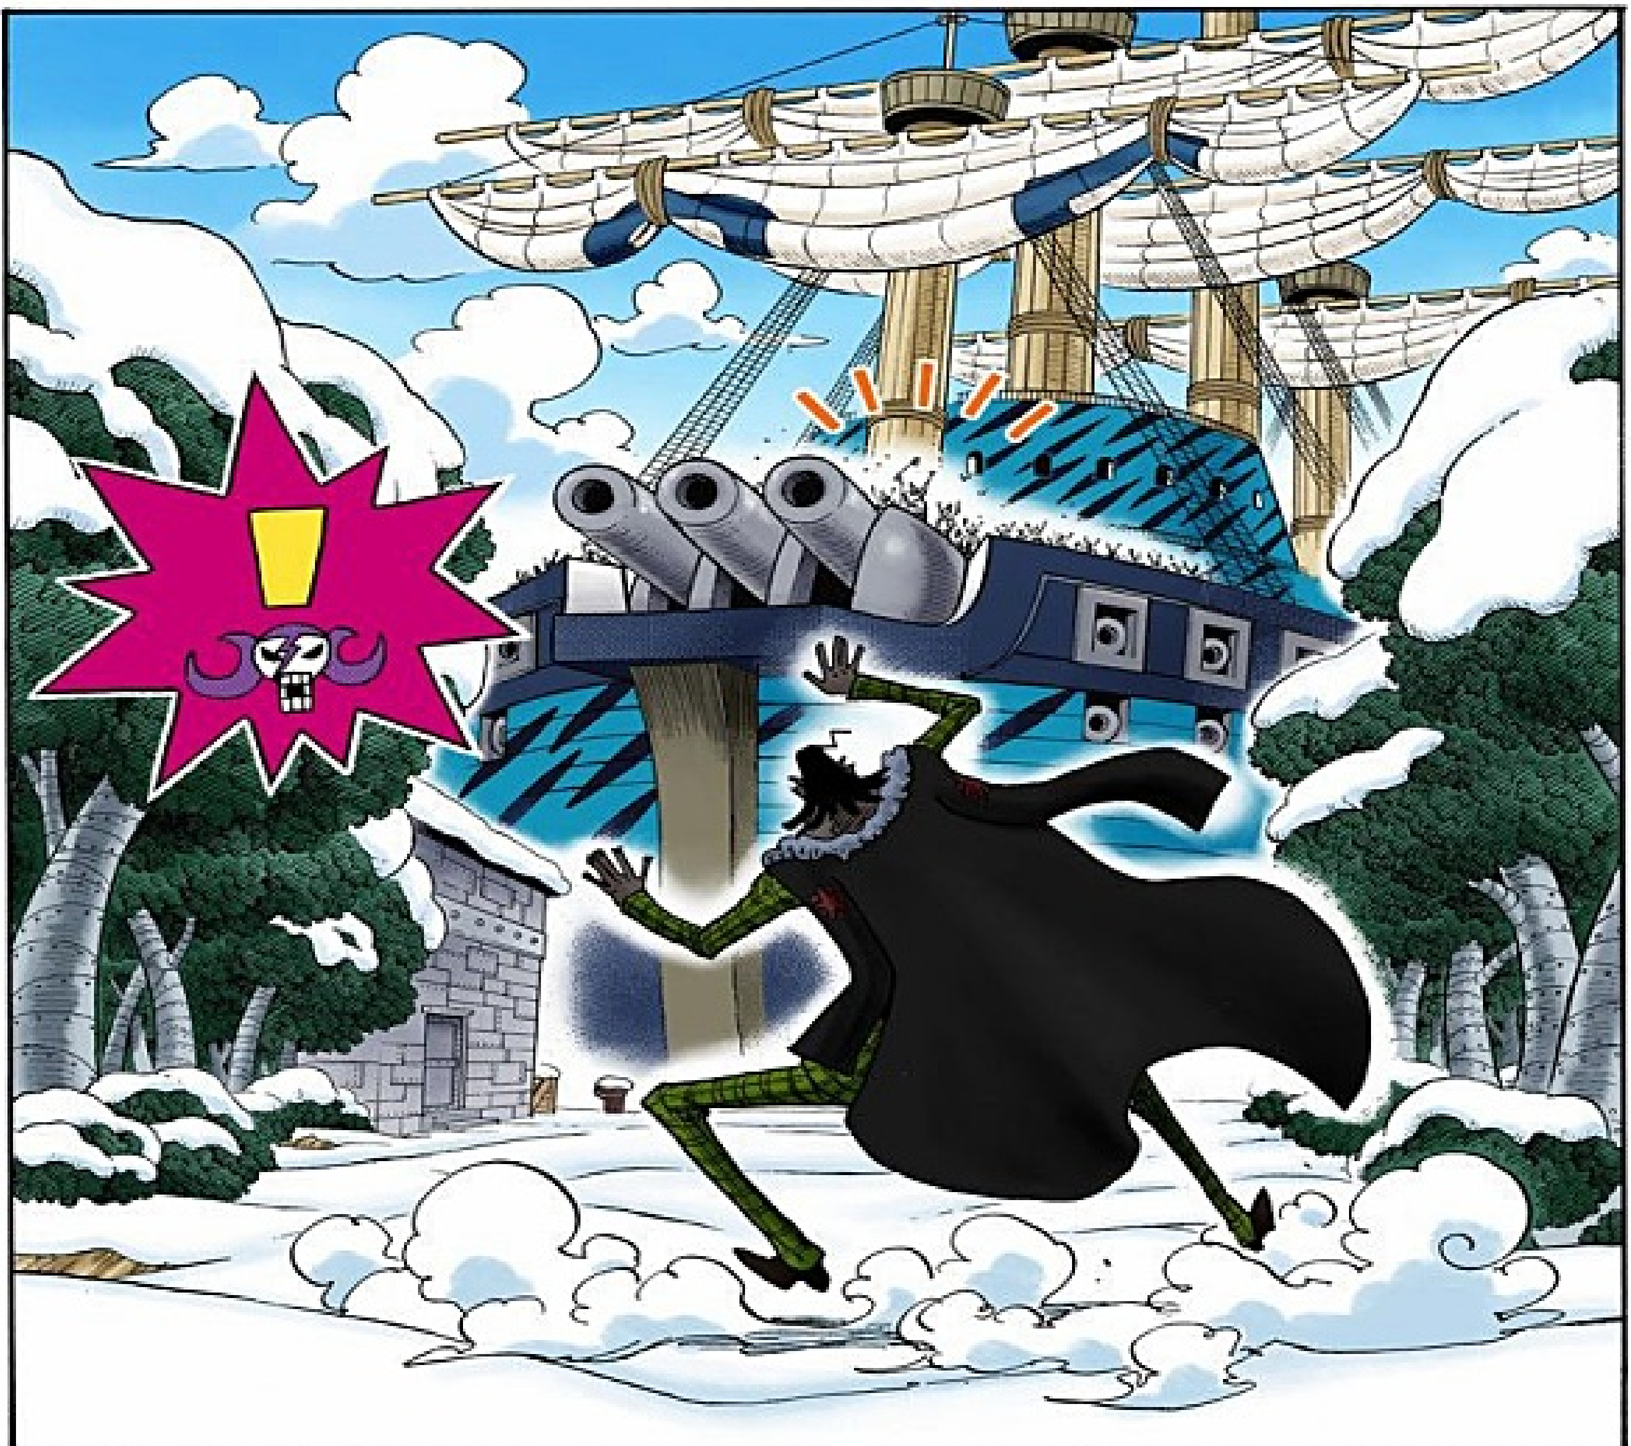

P.N. Law-san Loving -Y-, Law-san loving -A-'s friend.

O : What a long pen name!! Well, there's a story in Papua New Guinea that goes like this: Some rabbits ran out of food, and they tricked some fish into lining up so they could cross the sea on the fish's backs. People in the past probably made that kind of story because they saw leaping rabbits in the white waves, right? Waves look like rabbits, don't they?

Sashi-nji-san

D : Hello, Oda-sensei!! There's something about Rebecca-san the Gladiator that I'm interested in knowing. Look, it might be because you're into that kind of thing, but she's really exposing a lot of skin, isn't she? The thing I'm interested in has to do with her bottom half. Could it be that a panty-less utopia lies just a single layer of her loincloth away? I'm so interested I can't wear underwear.

P.N. Tanpopo

O : Hmm, I see. Somehow, I get the feeling I can't answer this one. I've got an idea, but I'll stop there! Sweet dreams!!

D : Helloooo, Odacchiiii☆ Bartolomeo's really coooool! So, could his birthday be:

10 (Bar*to*) / 6 (*lo*meo)?

TN: The 10 and 6 in October 6th can respectively be read as "to" and "lo" in Japanese number-based wordplay.

Also, could you please tell me his height, ages and home sea?

P.N. One Piece is my reason for living

O : His birthdaaaay!? Ummmmm, should I go with your idea…!? Hmmmmm… yeah, that's good. He's 220cm tall, 24 years old, and he's from East Blue.

D : "I'm way too jealous of Leo, the Tontatta tribe warrior!!" said my dad. He wants to investigate Robin's site B (B chiten), too. Please let him investigate Robin's brea… I mean, site B before my mom finds out.

P.N. Kakyouin Orika

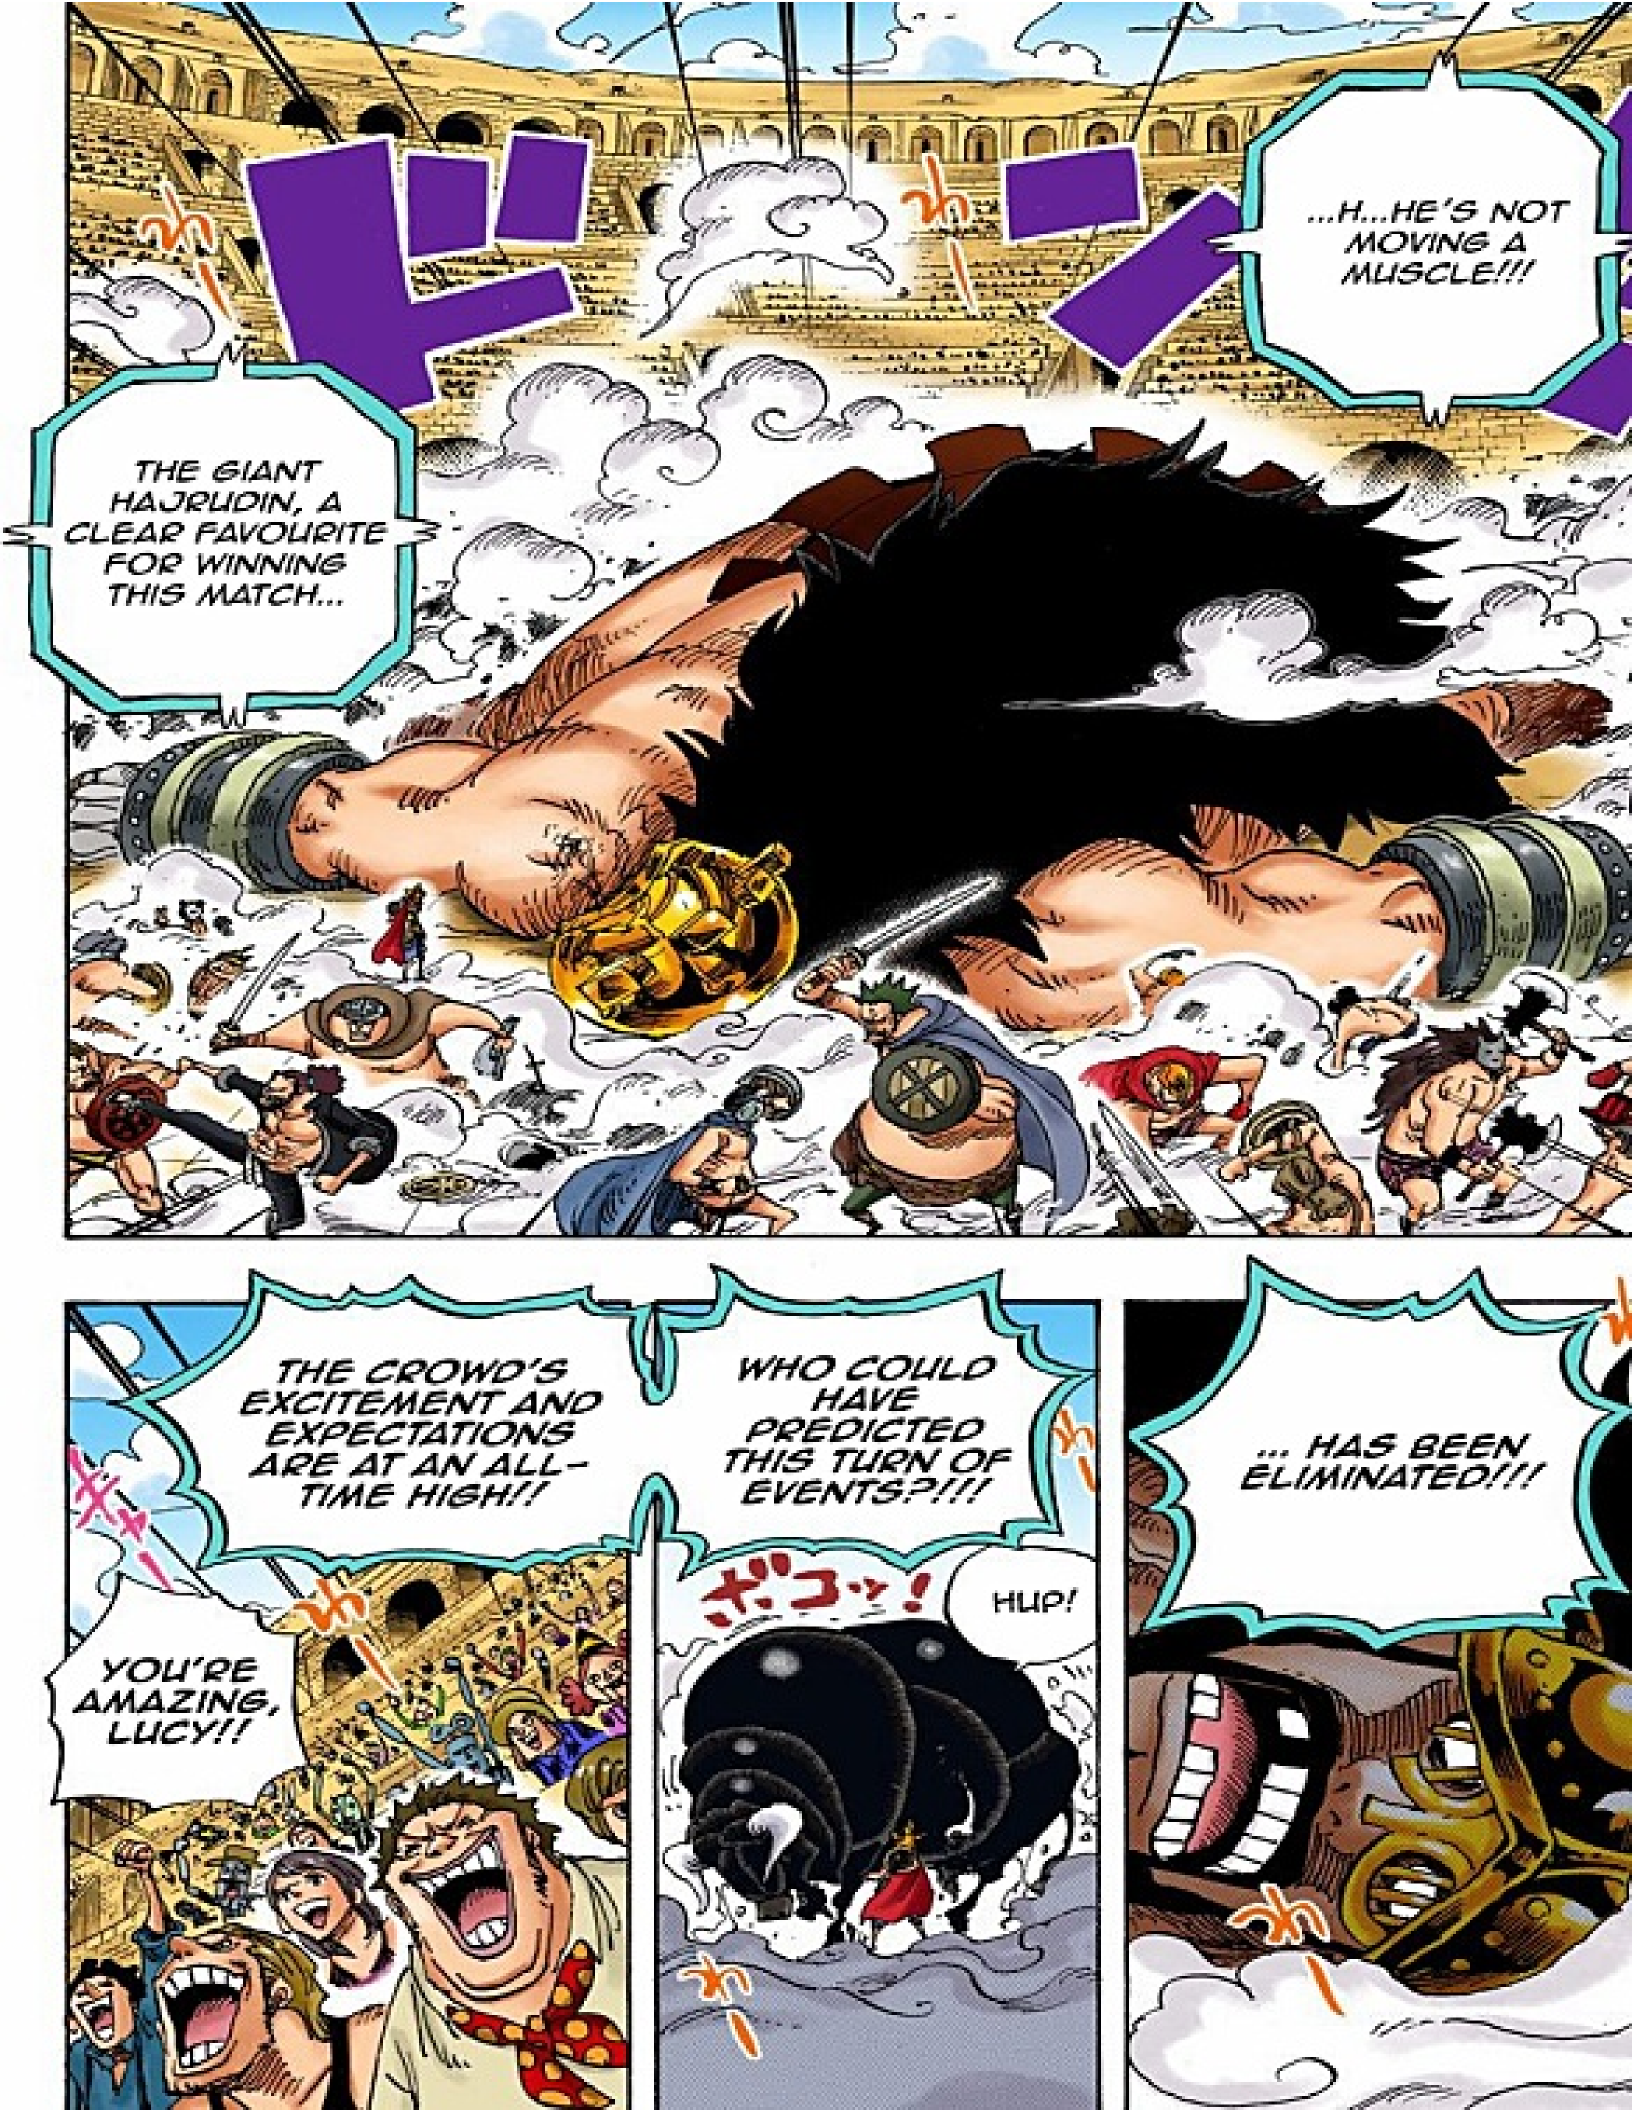

O : At first, I wrote region B ("B chiku", an anagram of "chikubi", meaning "nipple") and burst out laughing on my own. But my editor wouldn't let me write that and it turned into a big fight. I don't get enough exercise, so I got a fractured skull and lost. Even though I'm expressing myself, I live in a world where I can't say what I want! Dammit!!

WHO WILL COME OUT ON TOP?!!

Coral-san from Fukouka-ken

R : Which one do you think is a cat

P.N. Milk

O : OK, uhhh…! Ummmm. Which one is it? Well… But they both look like cats… Plus, I'm wondering what they could be if they're not cats… Alright…Is it the left one? Well then, I'll check the ans… **You didn't write down the answer!!!**

R : Take this, Odacchi!! Western Lariaaaaaat!!! And with that, I've got a question! The former bounty hunters Abdullah and Jeet who appeared in chapter 704 get their names from the old pro-wrestlers Abdullah the Butcher and Tiger Jeet Singh, right!!? Abdullah was all "I'll stab your forehead with a fork!!" Do you like pro-wrestling too, Odacchi? Or are you part of the pro-wrestling generation?

P.N. Joker

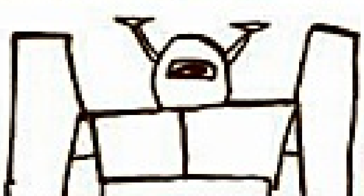

O : That lariat hurt!! Yeah yeah, that's the explanation, even though you broke my neck. You are correct. You really know a lot. Japan had a big pro-wrestling boom when I was in elementary school. So, naturally, I loved it too, and the worst heels of that era were The Butcher and Jeet Singh!!

R : Hello, Mr. Oda! I've been wondering about something, is Ideo the boxer based on Ideon? Even at my age, I got so excited.

P.N. Astro Robo Sasa (age 38)

O : That's right. He's based on the old space robot anime "Ideon". I make a lot of caracters, so I end up messing around. Sorry. It was a robot with it's shoulers sticking up, like this (➡)
It was the first plastic model I got when I was a kid.

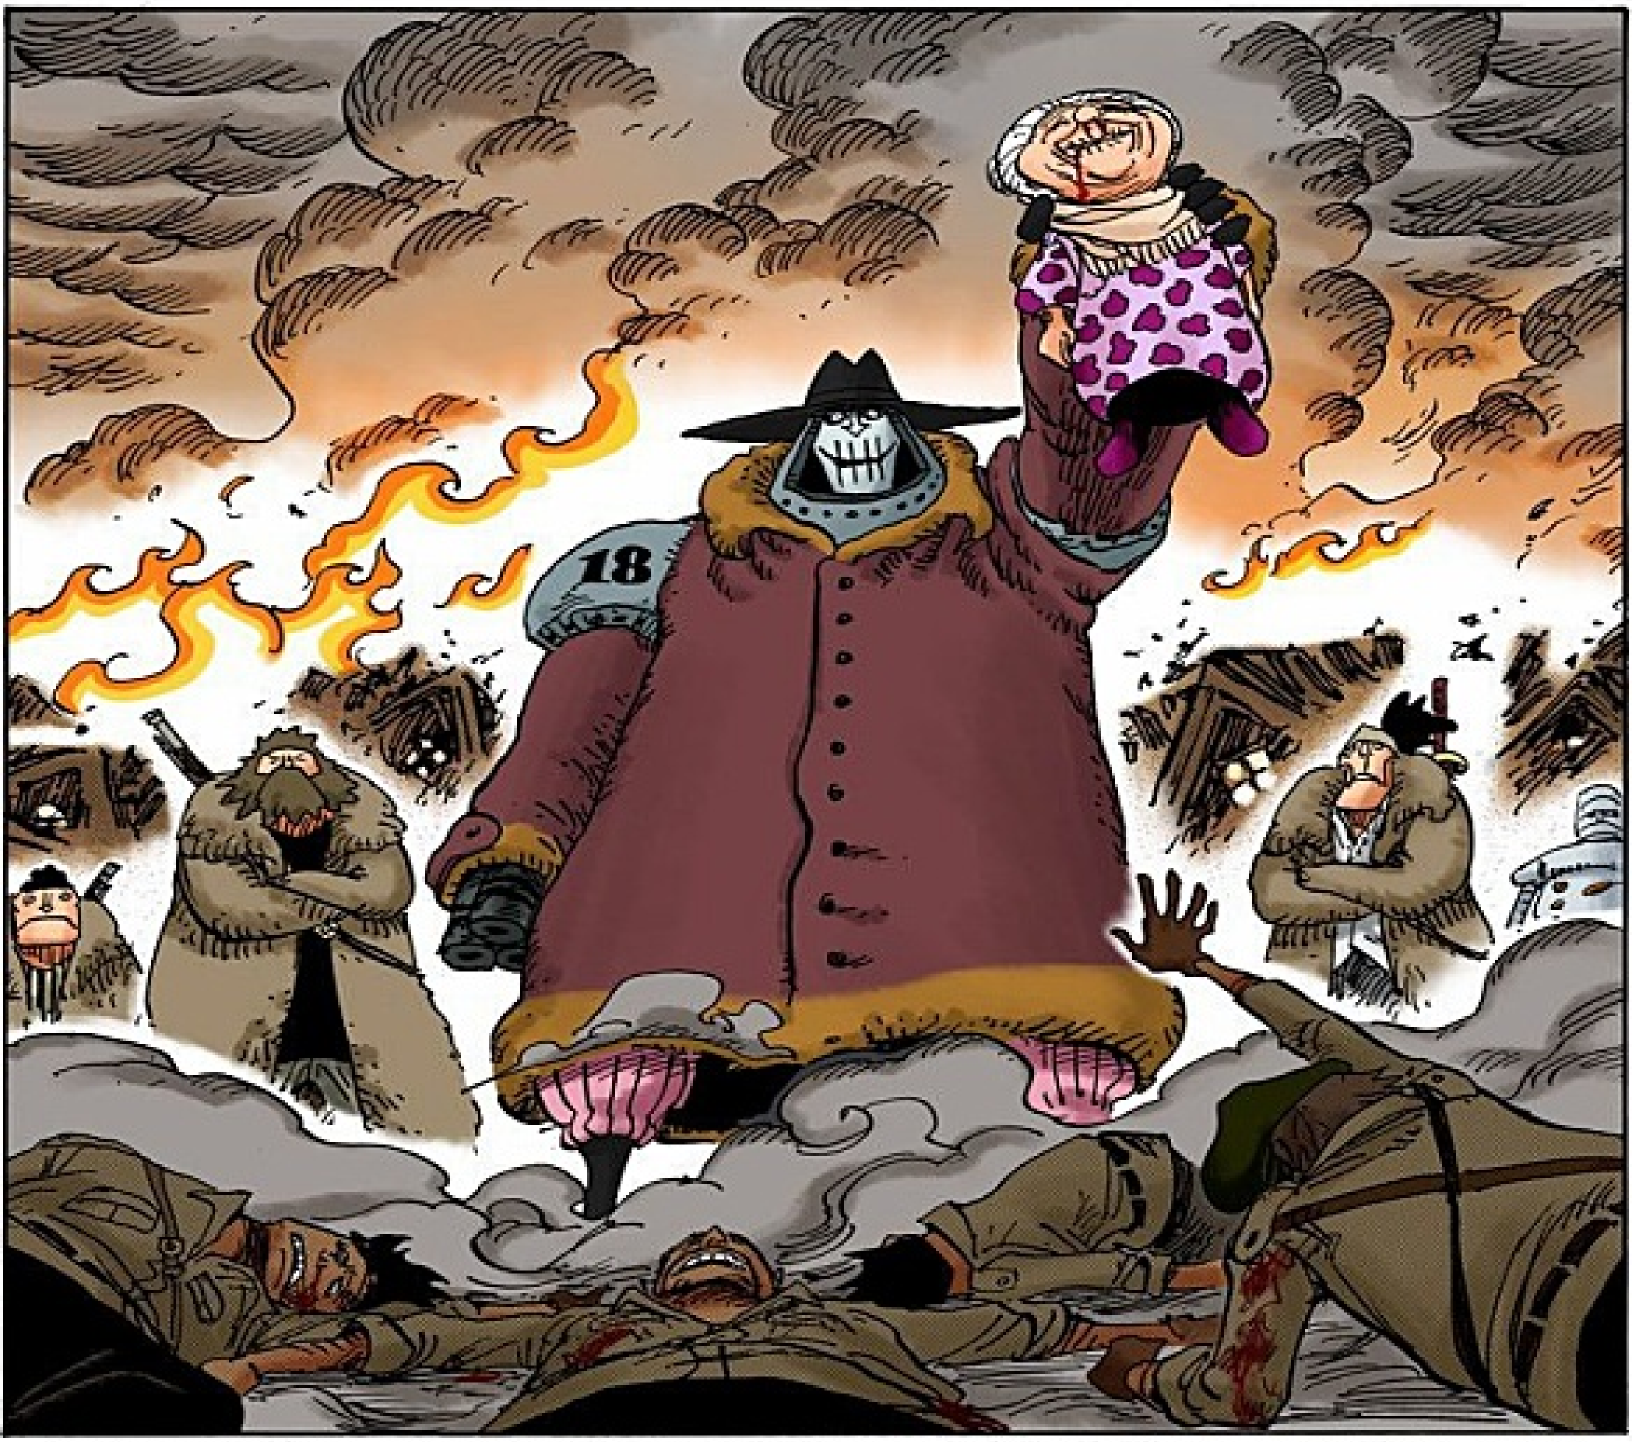

Ideon

(TN: Space Runaway Ideon, as it's known in English, was a 1980s space-robot anime)

I WANT TO HELP YOU OUT THERE, BELIEVE ME, BUT HANG ON A SECOND.
IT LOOKS LIKE PIRATES AND OTHER CRIMINALS ARE OPENLY TAKING PART IN THIS TOURNAMENT.
THESE MARINES MUST BE PLANNING TO CAPTURE THEM AS SOON AS THEY EMERGE.
WELL, IT IS TRUE THAT CRIMINALS SHOULD BE IMPRISONED.
YOU'RE TRAVELLING WITH A PIRATE CREW YOURSELF, REMEMBER?!!

THAT RASH YOUNG IDIOT...
MARINE HQ VICE ADMIRAL "SHARK CLEAVER" BASTILLE
IF I'M GUESSING RIGHT, THERE'S SOMETHING STRANGE GOING ON INSIDE THAT COLOSSEUM...

……
HERE IN DRESSROSA…
EVER SINCE DOFLAMINGO ASCENDED TO THE THRONE TEN YEARS AGO…
THERE ARE TWO STRICT LAWS THAT HAVE BEEN UPHELD ABSOLUTELY …!!
THE FIRST: AT THE STRIKE OF MIDNIGHT EACH DAY, IT'S LIGHTS-OUT FOR THE ENTIRE COUNTRY. AFTER THAT TIME, NOBODY IS PERMITTED TO WALK AROUND OUTSIDE.
WHAAAAAAAT?! EVEN FOR GROWN-UPS?!
HUMANS MUST RETURN TO THEIR OWN HOMES…
…AND TOYS MUST RETURN TO THE HOUSE OF TOYS.
PAST MIDNIGHT, NOBODY MUST LEAVE THESE HOMES UNDER ANY CIRCUM-STANCES…!!
BUT THEN YOU CAN'T EVEN GO OUT DRINKING!
THERE WOULDN'T BE ANY BARS OPEN ANYWAY.
SOL

キュラ キュラ
AND THIS IS THE SECOND LAW...
TOYS MUST NEVER ENTER HUMAN HOMES...
...AND HUMANS MUST NEVER ENTER THE TOY HOUSE.
WHAAAAAAAT?! I THOUGHT HUMANS AND TOYS SEEMED TO GET ALONG PRETTY WELL HERE...
WHY WOULD A THING LIKE THAT BE SO STRICTLY FORBIDDEN ...?!!
HMMM-MMMMMM.........

WELL, I GUESS IT MAKES A CERTAIN AMOUNT OF SENSE.
I CAN SEE HOW THE BARRIER BETWEEN "MAN-MADE CREATIONS" AND "LIVING BEINGS"

R : Hello, Oda-sensei! I noticed that Dressrosa was based on my country, Spain, and I wrote you this letter as a representative of our community. Why did you choose Spain? If you come to Spain yourself, I'd like you to come to Barcelona's Salo del Manga (A Japanese anime and Manga event in Spain). There's nothing to be afraid of! The women here don't stab people or anything!

P.N. The Voice of the Pirate King

O : Alright. It's been heavily condensed, but I got a letter from Spain. Some of the strange Japanese comes from using translation software, I think. Thanks for going to all the effort. That's right, I used Spain and ancient Greece's Colosseum TN: Oda got The Colosseum's location wrong as the models for Dressrosa. If you stared at the Doflamingo character and tried to think of a country that would fit him, where would it be? That was my thought process when I came up with Spain. I've had this kind of conversation about what countries I've used as models in SBSes before, but its really interesting to have someone from the country I used as a model directly point it out. I can't be irresponsible when I draw, but even If I use a country's culture or buildings in a weird way, it's just manga, so forgive me.

R : I've been thinking about this for a long time, but could you draw gender-swapped versions of the worst generation for me?

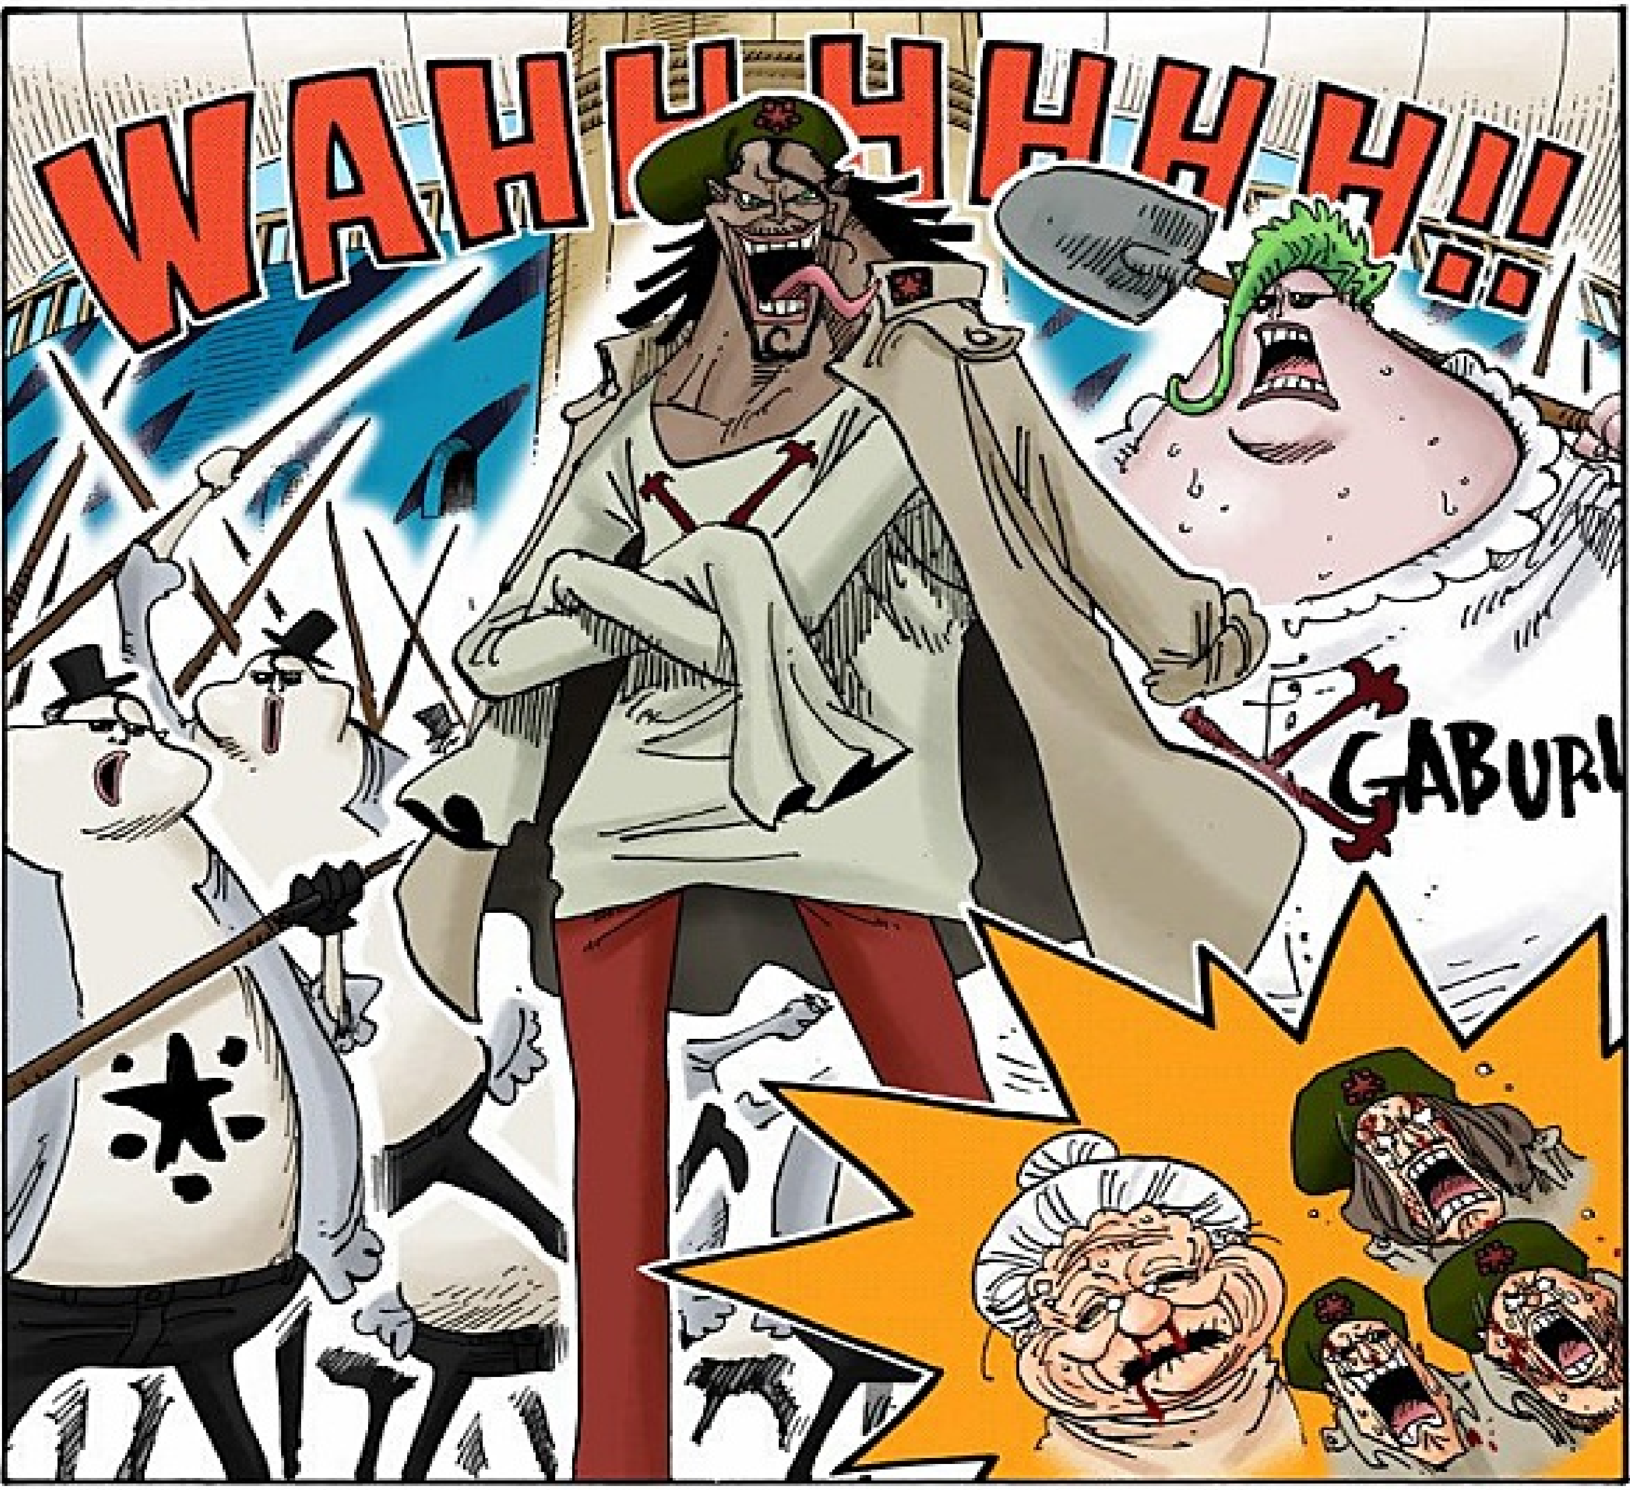

Or rather, **please draw them!!!** P.N. Momokichi

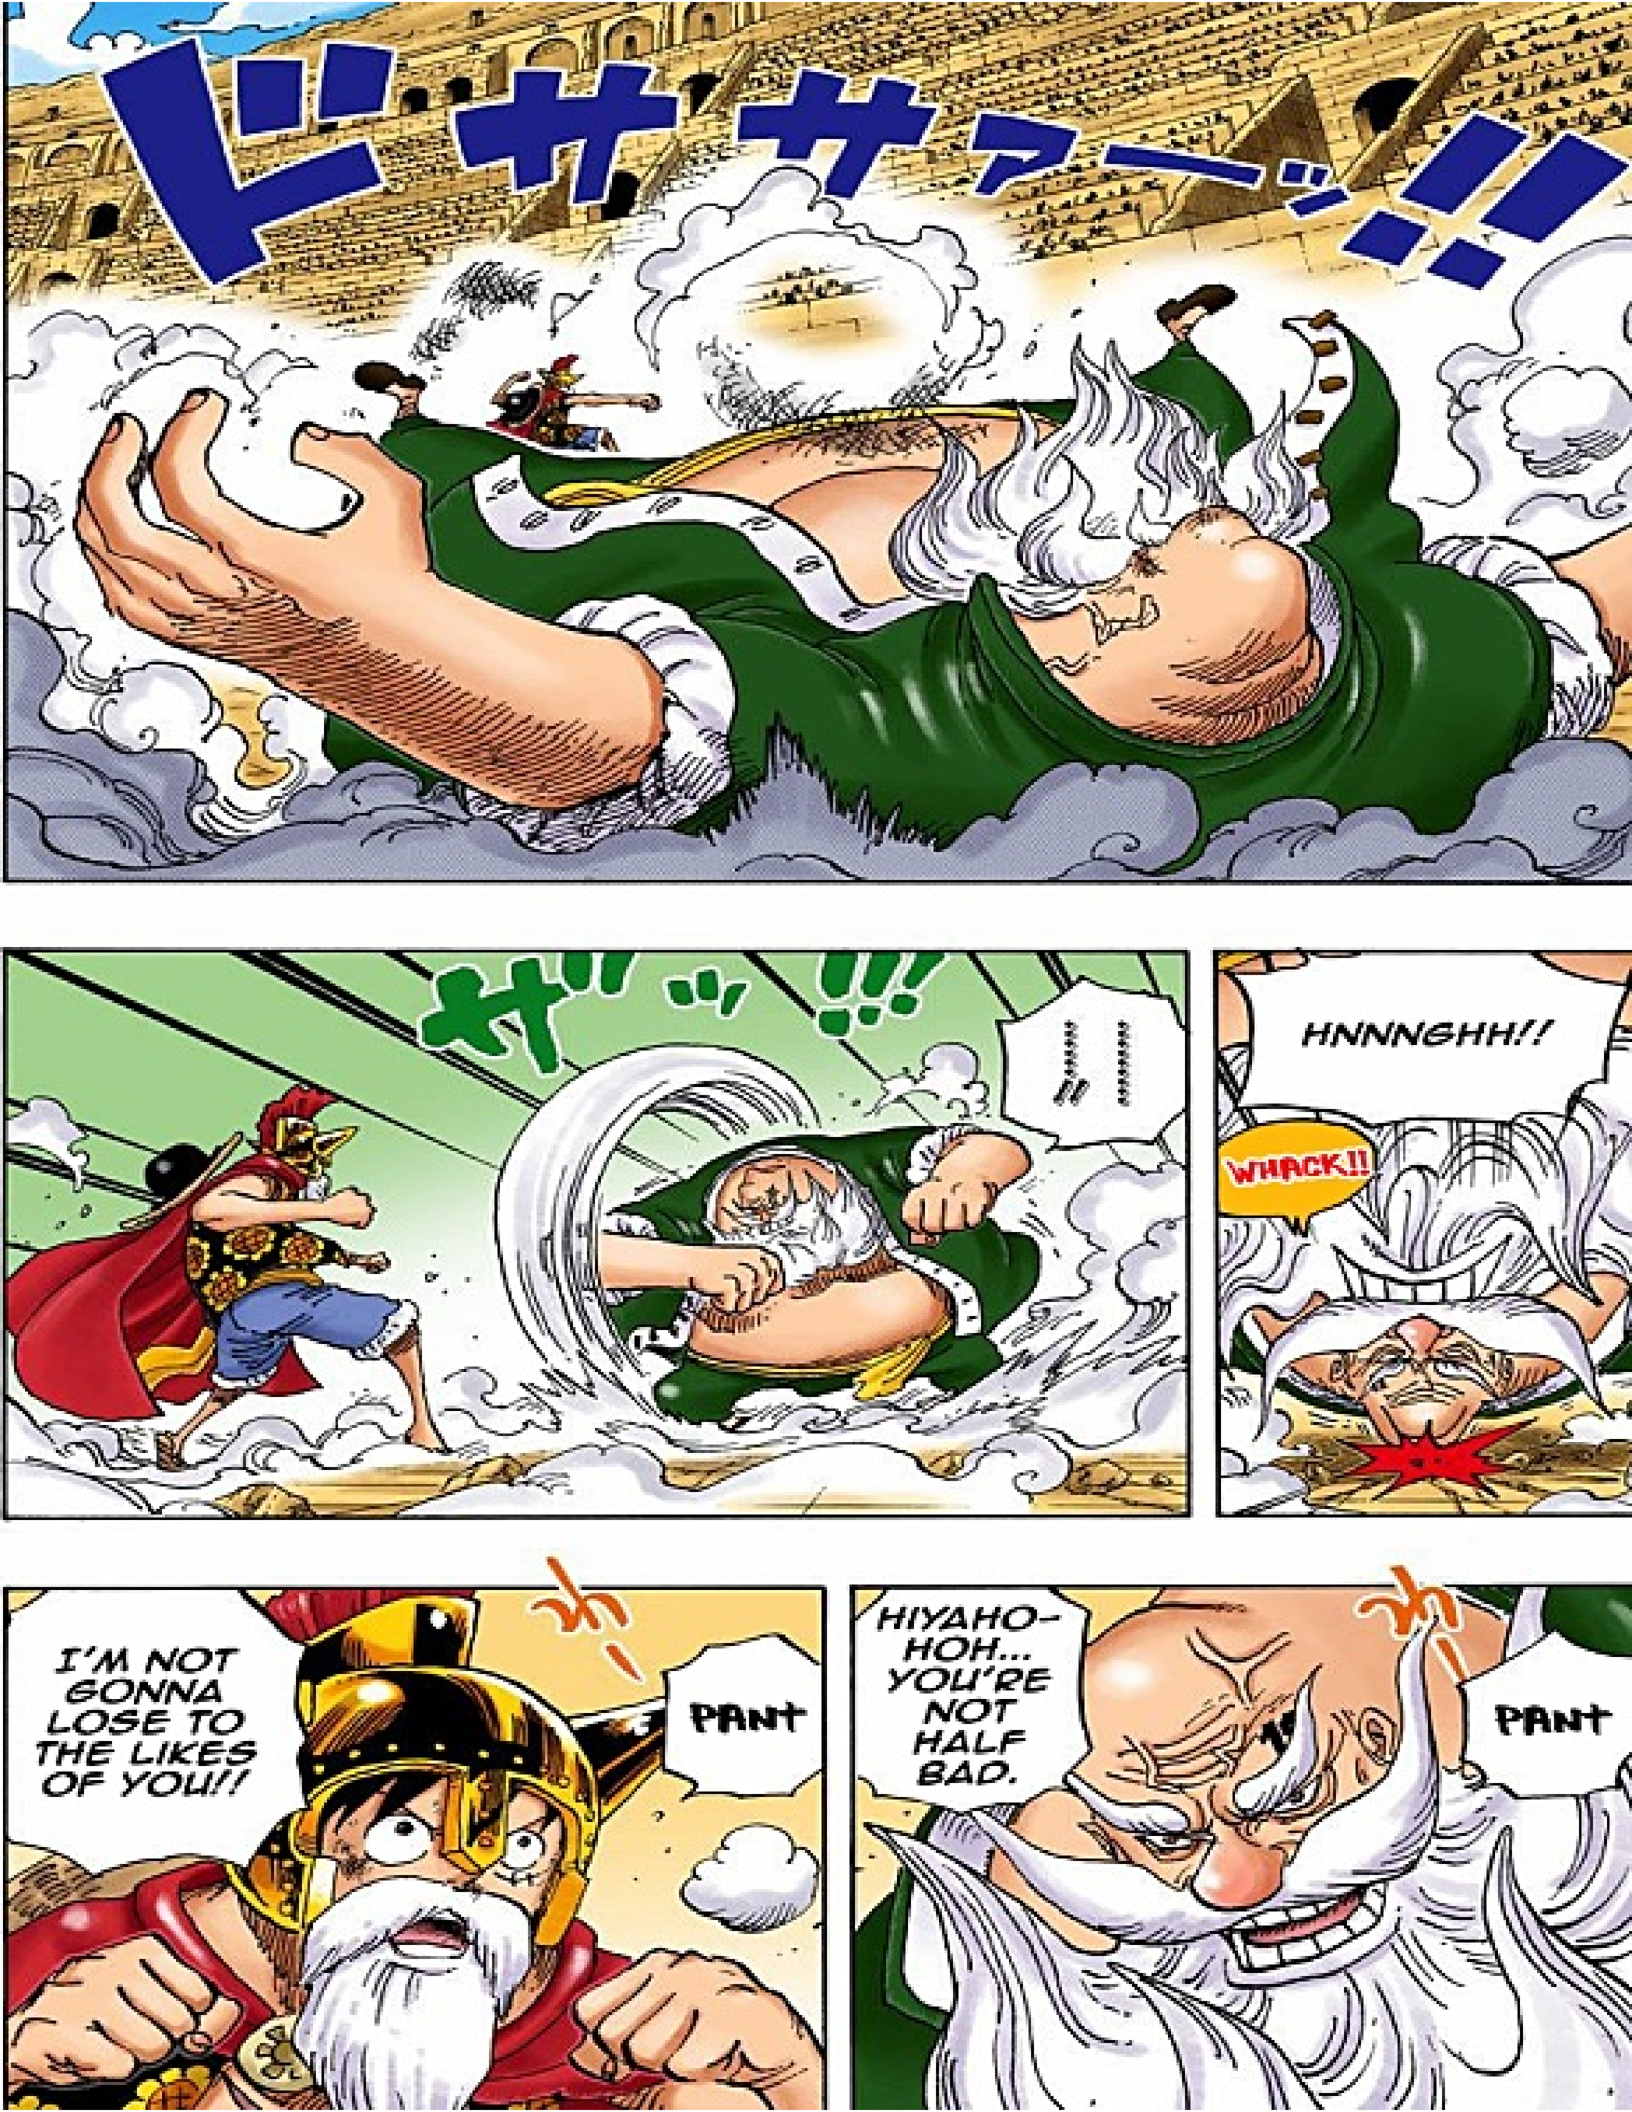

O : There really were a lot of requests for this. Well, I'll draw them but it's a little gross, isn't it? Please go to page 166. Post timeskip Blackbeard hasn't been published yet, so he gets a pass. Well then, we'll stop the SBS here. Until the next voluuuume!!

IT'S HARD TO UNDERSTAND WHY TOYS AND HUMANS AREN'T ALLOWED TO LIVE TOGETHER.
AS FOR ME... EVER SINCE I LOST MY MOTHER, WHO WAS MY ONLY FAMILY...
IT WAS MR. SOLDIER WHO LOOKED AFTER ME.
HE'S LIKE A FATHER TO ME...!!

Baby puppy, baby bird, baby calf. Everything gets cuter when you pair it with "baby" to show that it's a little kid, doesn't' it? Baby pig, baby bunny, Koala*, Baby Colt, Colombus*, Baby Kitten, Baby bear, Copernicus*, Kobayashi*... And with that, let's start the cute little baby volume 72!!

*TN: "Ko" means "child", translated here as "Baby." Oda makes several puns using the kanji for "Ko" as part of the name.
